The March Control of the Control of

Biddeford.

There was a great flurry in the wheat market at Chicago, on Tuesday, there being a rapid decline in prices, which caused great excitement. The entire board at one time was but little less than pandemonium. Failures were announced there and also in Milesules.

Fallures were announced there and also in Milwaukec.

Twenty-five thousand square miles of land are inundated in Hungary. There was another hurricane at Mako on Saturday. The water washed over the dykes and destroyed a number of bridges. The laborers at work on the dykes fied, but were driven back by soldiers.

Farmers in some parts of New Hampshire are suffering with another plague. Crows are pulling the young corn, in some cases destroying nearly whole fields, which have to be replanted. The recent storm having made the season about two weeks later, the present trouble is doubly discouraging.

later, the present trouble is doubly discouraging.

Hugh Dugan burglarized the Savings
Bank at St. Martins, New Brunswick, ten
days ago, securing \$58,000 in securities
and \$80 in cash. He led his pursuers a
long chase, most of the distance being
through the woods. He was captured
twenty miles from Fredericton, having
gone through three counties. Some of the
stolen property was found on him.

On Tuesday, Hon. William E. Chandler
was elected U. S. Senator, by the New
Hampshire legislature, in place of Senator
Pike, deceased. The vote in the Senate
stood as follows: Harry Bingham, dem.,

y. William E. Chandler, rep., 15. The
ballot in the House resulted as follows:
Simon G. Griffin, Keene, 1; Joseph Wentworth, Concord, 1; Gilman Marston, 4;
Harry Bingham, 136; William E. Chandler,
165.

Richard T. Smith, 10 years old, colo Richard T. Smith, 10 years old, colored, murdered a colored baby that was left in his charge Wednesday, at Bartlett, nine miles from Memphis, Tenn. The boy is an orphan, and had been living with the parents of the infant. The father gave him a severe flogging on account of some misconduct and the boy resolved to be revenged. He was left alone with the infant Wednesday, and took a double-barrelled shat gun that was left in the house and fired at his helpless charge, blowing its brains out.

Henry Decaber, an employe of a menageric ethibiting in Chicago, went to sleep on top of the lious cage Wednesday night. One of the lous cage thold of his leg, and tore and mangled it dreadfully before he was

State to take the stump.

A tank of gasoline exploded Thursday in a building in Chattanooga, Tenn., causing a fire which burned about \$10,000 worth of property. While Henry Iler and Mat Peake, firemen, were on top of a burning building, it fell and buried them. Peake was rescued, but will die. Humphrey Beeves, manager of the Standard Gas Machine and Economizer Company, was blown out of the building across the pavement with his clothes ablaze. He threw himself into the gutter and extinguished the fire, but not until he was horrhily burned. James Reynolds and W. D. Milter of Washington, D. C., two white men, and a negro named Peter Jones, were also badly burned.

The Hostiles are supposed to be in the

burned. James Reynolds and W. D. Miller of Washington, D. C., two white men, and a negro named Peter Jones, were also badly burned.

The Hoatiles are supposed to be in the east end of Santa Catalina mountains in Arisona, as their signal smoke has been distinctly seen. Thoops of cavalry are operating in that direction. More than 100 fighting bucks are out, all well armed. Of the San Carle and Pinal Apache Tribes, carly all are old scoutz. Eskiminzines, chief of Avaravpi Apaches, said Tuesday that there would be a big indian war, as 400 warriors would soon be in the field, all with good guns and plenty of ammunition. Nearly all of Eskiminzines young bucks have joined. It is said that the leader of the Apaches is a graduate of Hampden Indians School, and came back two years ago. People are in a great state of alarm, as they know the fighting qualities of the Indians who are now on the war path. All of the mountains have been fired. Indians say this was done to stop the troops from asing the heliograph signal flash.

The large merchants in New York city, who have made a corner in coffee, and run up the prices, have cornered themselves by fartled the history of the exchange. Three firms suspended in consequence with liabilities, which, it is expected, will exceed the history of the exchange. Three firms suspended in consequence with liabilities, which, it is expected, will exceed 10,000,000. In explanation of the furry the market is asid to have broken through with its own weight, as Arnold & Co. 's liabilities, a suspended in consequence with liabilities are eastmated by outsiders at \$1,000,000 and explanation of the furry the market is asid to have broken through with its own weight, as Arnold & Co. 's liabilities, are considerable. A break in the market followed Arnold & Co. The young salmon being hatched at Edes' Falls are put into the tributaries of sebago Lake. It is a fine sight to look at ust now—those young fish, so smart and to many of them, only 650,000.

James Jameson was at work Wednesday in Hall's Mill at Whiting, when a slab from the bolting saw flew back, striking aim in the chest. He died Thursday. He was thirty-five years old, and leaves a widow and seven children.

The strike of the stone cutters at James Andrews & Sons' quarry, Biddeford, which was declared April 25th, was announced off Wednesday, an agreement having been arrived at by the firm and the local branch of the National Stonecutters' Union.

Walter, a twelve year old son of Leander Harding of Larone, met with a very serious accident last week, from the kick of a horse, striking him on the side of the head, rendering him insensible and causing concussion of the brain.

The members of the Fourth Maine Bat-

South Hancock land has had a boom of per cent. in one week. All the desirable hore lots that were for sale have changed ands. Preparations are making to build host of new houses on the borders of renchman's Bay. A syndicate has been formed for the purchase of land at La-

formed for the purchase of land as a monoine.

Sherman Mills is to have a new schoo house and Masonic Hall combined. District No. 2, and Molunkus Lodge F. A. M. will build, next summer, a large two-story building, just opposite the Town Hall. The lower part will be finished for school rooms, the upper part for lodge rooms. The foundation for the new building will be laid the coming fall.

Richmond is happy over the prospect of another shoe factory. It is to be 100 by 40, and three stories high, with a basement. Workmen are now laying the foundation. Soon the frame will go up. This shows what live men bent on a common purpose can do for a town. The ladies, too, lend a helping hand by contributing to the fund.

A most shocking accident occurred at

tributing to the fund.

A most shocking accident occurred at Hall's upper mill in Ellsworth, last week.

While James Armstrong was at work on an "edger," he accidentally let his forearm come in contact with a revolving saw, culting it entirely off, just above the wrist, and leaving the severed part on the bench.

Mr. Armstrong is a man about 37 years of age whose wife is dead, and he has no children.

No other preparation has won success at home equal to Hood's Sarsaparilla. In Lowell, Meas, where it is made, it is now, as it has been for years, the leading meditine for yearlying the blood, and toning and strengthening the system. This "good name at home" is "a tower of strength abroad." It would require a volume to print all Lowell people have said in favor of Hood's Sarsaparilla. Mr. Albert Lowell Estes, tring at 28 East Pine Street, Lowell, for 15 years employed as bose carpenser by J.W. Bennett, president of the Eris Telephone Company, had a large remning sore come on his leg, which troubled him a year, when he began to take Hood's Sarsaparilla. The sore soon grew lees in sire, and in a short time disappeared. Jos. Dunphy, 284 Cen-

Made by skilfed mechanics from the best materials. Read and Remember.

WOOD, BISHOP & CO. No. 101 is a Black Walnut Chamber Set with best Italian marble tops and a bevel plate No. 101 is a Biack Walnut Chamber Set with best Italian marble tops and a bevel plate glass, and is the biggest bargain to-day without exception over offered in the city of Portland, or any other State in the Union. We are going to sell it without profit, in fact, barely cover the cost to manufacture, and we do it as an inducement to have those who are looking for Chamber Furniture call and see our beautiful line of goods. In this particular set, the bedstead is 6 feet, 3 inches high, 4 feet, 8 inches wide on the outside, and 6 feet, 4 inches long. The footboard is very heavily capped, and the bedstead is beautifully carved and burl paneled. The bureau is 40 inches long, 18 inches deep, and 33 inches high. It has two long drawers, one medium length, and two short drawers in the right hand corner. All the front of the bureau drawers are burl paneled, and the whole bureau is very heavily moulded, giving it a substantial, massive appear. THE PEOPLE and IRON, or the so called
EMULSION of COD
LIVER OIL,

CHERRY M'ALT

PHOSPHITES

All the front of the bureau drawers are burl paneled, and the whole bureau is very heavily moulded, giving it a substantial, massive appearance. The glass frame over the top of the bureau is 4 feet, 2 inches high, the top of its beautifully carved and burled paneled, and the bevel plate itself is 30 inches by 35 inches. The commode is of the regular combination style, two short drawers and one long one, and the cabinet in the side. It is large and roomy. The chairs of the set are solld black walnut with came seats, four in number, and a came seat and black walnut rocker. With this set we put in a marble top table, the 14x18 marble. The towel rack we give you your choice of, either brass, nelkel or walnut. The whole set is thoroughly well made, and one of the latest styles for

\$57,50,

As we said before, we are not trying to get even the value of this set, let alone making money out of it, our whole object being to have you visit our store so that you can see the enormous line of chamber furniture we carry. We have some 48 of these sets, and we shall sell them at price quoted while they last. Those who are in search of a bargain, or in need of a Walnut Set, and wish to pay Spot Cash, as we shall not sell the set on other terms at this price, should make it their business to call at once, as a giance at the set will be sufficient to prove to any person who knows anything about goods, that every word written here is solid truth.

Our SECOND BARCAIN offered on Chamber Sets is a large, handsome ANTIQUE ASH, made in Philadelphis by one of the best manufacturers in the business. It is thoroughly well finished, and is of very handsome design. The bestead is very large, the commode is very large, and the bureau is exceedingly large. The glass is bevel, and is a 32x36 plate. The bureau drawers are beautifully finished inside, the chairs are finished to match the set, and altogether it is one of the latest style and latest finish sets in the market. It has always solid with us for \$55, we sell it

while it lasts for \$43. This set also will be sold only for each at this price. All orders through the mail for these sets will have prompt and careful attention, and all parties living at a distance beyond where our teams can deliver, will have to pay freight charges over and above these prices, as we cannot add any expense beyond packing and ering to depots on these two chamber sets. Come and see the line at your earliest nce, as at these prices, making as we have a cut of \$23 on one and \$12 or another, will not last long. We have just been putting on our floors some beautiful styles of Mahogany Sets, ranging in price from \$100, \$225, \$275, \$310, and up to \$700. In Oak Finish, the latest antique style, we have them ranging in price from \$55 to \$200. In solid Cherry, with best Italian marble tops, from \$40 upwards. In Black Walnut, with best Italian marble tops, from \$34.75 to \$350. In Pine from \$4.00. from \$18 to \$75, and we have no hesitation in saying that we exhibit the finest line of Chamber Sets in our Portland store shown anywhere in New England. We call special attention also to our Plane Polished Finished Sets made in the Grand Rapids, finished Drag and Circular Saw Machines. The Union to the Country of the Circular Saw Machines. Only skilled stored and refining the cream and gave l churning the butter. The work is per-formed with the greatest care and cleanli, duced ness. The dairymaids receive a practical was conditioned theoretical training at dairy schools.

Mr. Edmund Hersey argues in favor of Mr. Edmund Hersey argues in favor of open markets for all farm produce, and says it passes understanding why the people, who are supposed to rule, continue to in the mit to having middle men and their profas and very partial choice or supply interhay. vene and prevent the producer and consumer from meeting face to face. There are hundreds of our towns to which this question closely applies, and it should be agitatal by the farmers who are direct sufferers om monopoly of this sort.

The New York pool bill, allowing the but a elling of pools on horse races for a limited a larg period, has become a law in New York made, and the bill provides for licensing the pools during a short time, the money paid for license to go to the various agricultural so-cieties of the State, to be used as premiums ment of horses. It is not vided for the improvement of horses. It is not vided likely that pool selling will be increased by this effort to restrict it. The law, as the subjections of the subjection of the governor justly says, is an experiment, and its effect will be closely watched by the people of other States, as well as of the where it is applied.

Look after the acions that have been set, hot and rub off all buds on the stumps that are cut h starting into a growth where it will have to he removed. This will aid much in throwing growth into the scion, where it is want-It should be remembered that the main object of pruning is to prevent growth you do not want. The sooner after starting this growth is checked, the better. need of attention at this particuout superfluous branches, if care be exer-Frequent attention should be given to trees in their formative period. Dr. Hoskins has should be visited as often as once a week and l

through the growing season. This is good out t teaching, but too few follow it. If we barn would do anything well, we must give it Millions of potato bugs are found floating upon the surface of Delaware Bay, to the delight of the farmer who wishes they were all there. The continuous use of de-structive poisons has thinned out the pest, but beyond all that have been destroyed and all that have gone to sea in Delaware Bay, there are enough left to seed every hill in the State of Maine, and to call for vigilant attention for their protection. Now is the time to go for 'em. It is not necessary to give any any attention to the beetles that appear on the plants soon after they show above ground. These do little harm further than to lay eggs for the le- of the gions of hungry larvæ that follow. How-ever diligently you may destroy the beetles, there will always be enough on hand for there will always be enough on name to of the seed, and it is just as well and a saving of The labor to await the hatching before making Herr any application. An occasional brood will in Octation and the state of the grand army of the caters, and it is well to go over the field and of the

saved; and this, with the general applica-cation, will leave the field clean and withut a hill destroyed. A teaspoonful of Paris green to a pail of water is the right proportion, and will clean the vines of all chus vm without killing a leaf. This has four come to be one of the regular exercises in the potato culture, and can no more be omitted than the planting or the hoeing.

give these hills attention before the applica-tion is made to every hill. It is but little

work to do this, and these hills will then be

County Farmers' Club at their June meeting at West Hampden, the 15th inst. This club has a creditable record and is still are of doing a good work. Its membership is know county, men who are earnest, active and stan county, men who are earnest, active and standard progressive in their own operations, and bine who are desirous of alding in cultivating a like spirit in others around them. Usually such labors grow monotonous and uninteresting to its members after a year or two of effort, and the organization will cease to exist. But not so with this Club. Year after year its ranks are kept full, and its meetings kept my: and at no time previous-

exist. But not so with this Club. Year after year its ranks are kept full, and its meetings kept up; and at no time previously have we seen more interest felt or more enthusiasm manifested than at the meeting is at Hampden. Members drove in twenty and twenty-five miles either way. The attendance was large at the opening hour, and was further increased in the afternoon. The audience was made up in goodly measure of ladies, wives of the members of the ciub and citizens of the vicinity in which the meeting was held. A good choir was on hand at the opening, and added much to the enjoyment of the occasion with their must. Dinner was served at the hall by the ladies in their usual good taste, and in sumptacus supply. C. H. Dale of Holden, is President of the Club, and J. E. Shaw, Hampden, Secretary, to whom the Furmer has many times been indebted for excellent reports of the doings of the Club.

The President in calling the meeting to torder, amounced the subject to be "The proper time to cut grass, and the best methods of curing it," and made brief remarks on its appropriateness, and its importance te farmers generally. Stating that no one had been appointed to lead in the discussion he called upon Hon. W. B. Furgason of Brewer. Mr. Ferguson stated that without any previous notice be would simply give his views on two points. His importance had shown him that there was the meet feeding value to key when it was out at the time of full blossom ur a but the discussion he full growth, and theredove of its largest quantity. This is because of the largest quantity.

Penobscot County Farmers' Club. and It was our pleasure to accept an earnest cour witation to meet with the Penobscot last.
